### PROFESSIONAL SUMMARY

I am an entry-level fullstack (MERN) developer and IT support specialist with a passion for creating beautiful, secure web applications. I have over a year of experience with HTML, CSS, Tailwind, React JS for my frontend part and I am confident in using Nodejs/ExpressJS framework for backend and MongoDB for DBMS. I am eager to take on new challenges and continue to develop my skills. I am a team player and believe in the power of collaboration to achieve great things. I am confident that my technical skills, passion for learning, and commitment to excellence will make me a valuable asset to your team.
